The Shareholders

The Board of Directors of the Company hereby present the Thirtieth (30th) Annual Report together with the Audited Financial Statements for the year 2015-2016 ended 31st March 2016.

During the financial year under review, the profitability of Steel industry is shrinking across India due to sluggish market demand and onslaught of high imports. Even though the raw material prices have gone down in the FY 2015-2016, the same was not enough to maintain margins given the decrease in steel prices. Despite the Government initiation on many infrastructure and policy reforms, the pick-up in steel demand in the domestic market has been slower than expected. However, with the continuous efforts by the Company's Management towards strict cost reduction and better financial / working capital management, has helped to improve its overall performance in order to survive in the difficult market conditions.

MANAGEMENT DISCUSSION AND ANALYSIS

Sunflag Iron and Steel Company Limited (*SUNFLAG STEEL*) had set up a 'state of the art' integrated Steel plant at Warthi, Bhandara Road in the state of Maharashtra to produce high quality Special Steel with manufacturing facilities like Sponge Iron Plant, Mini Blast Furnace, Sinter Plant, Captive Power Plant and Rolling Mills.

SUNFLAG STEEL has established itself as a major global force. With the modern complex pulsating with world class technology, expert human resources and a commitment to excellence, *SUNFLAG STEEL* has become a reputed supplier in Flat Bars, Round Bars, Bright Bars and Wire Rods of Alloy Steel, Spring Steel and Stainless Steel and captured better position in these market segments. *SUNFLAG STEEL* is also embarking on an export thrust and is regularly supplying to various customers in South East Asian, African, Middle East and South American countries.

Further, due to implementation of Blooming Mill, *SUNFLAG STEEL* can cater to foreign as well as indigenous customers of their needs of Rolled Products for higher sections and thus offering a better product mix. The Blooming Mill will yield better quality of higher size rolled products and Bloom / Ingots due to better compression ratio and more specifically used in the critical applications like crank shaft quality and it can be supplied to Original Equipment Manufactures (OEM).

GLOBAL ECONOMIC SCENARIO & OUTLOOK

The financial year 2016-2017 will be a challenging and difficult year for the global economy. Global growth is picking up somewhat after a number of weak years. A global GDP growth rate of 3.5%, the latest IMF forecast, is lower than the 4.5% average that preceded the decade before the great recession, but it is better than the average over the past five years.

INDIAN ECONOMIC SCENARIO & OUTLOOK

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF). According to the Economic Survey 2015-16, the Indian economy will continue to grow more than 7 per cent in 2016-17.

Based on the recommendations of the Foreign Investment Promotion Board (FIPB), FDI inflows have increased 40 per cent during April-December 2015 to reach US\$ 29.44 billion. Furthermore, the initiatives by Government of India like Make in India, Digital India and Start-up India will play a vital role in the driving the Indian economy.

INDIAN STEEL INDUSTRY

India is the world's third-largest producer of crude steel (up from eighth in 2003) and is expected to become the second-largest producer by 2016. The growth in the Indian steel sector has been driven by domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

India's crude steel capacity reached 109.85 Million Tonnes (MT) in 2014-15, a growth of 7.4 per cent. Production of crude steel grew by 8.9 per cent to 88.98 MT. Total finished steel production for sale increased by 5.1 per cent to 92.16 MT. Consumption of total finished steel increased 3.9 per cent to 76.99 MT. The Government of India is aiming to scale up steel production in the country to 300 MT by 2025 from 81 MT in 2013-14.

AUTOMOBILE AND AUTO COMPONENT INDUSTRY

The automobile industry is one of the key drivers that boosts the economic growth of the country. Since the de-licensing of the sector in 1991 and the subsequent opening up of 100 percent FDI through automatic route, Indian automobile sector has come a long way. Today, almost every global auto major has set up facilities in the country.

COSTS - STEEL BUSINESS

During the year under review, the Company continued to focus on cost improvements through Total Productive Maintenance (TPM) and strict cost reduction policies, wherever applicable.

STEEL SECTOR – THREATS AND CHALLENGES

- Delays in the government allocating sufficient iron ore blocks, regulatory approvals and challenges in land acquisition have slowed many steel projects. Some of these hopefully get addressed in the current quarter.
- Shift towards relatively lower steel demand growth in most of the heavy-weight economies including China.
- Structural shifts in the Chinese market arising from over capacity coupled with weakening prices are threatening the Indian players.
- As China threat was partly getting managed through the anti dumping duty route, we now have Russian problem. Russia is a key producer of steel and as its currency has hit rock bottom, the Indian market will again see very cheap imports.
- The franchisee route or the smaller producers perhaps are the biggest threat to the industry. They are able to use the name of big players and use the re-cycle material.

OPPORTUNITIES

- The Indian steel industry is expected to register exponential growth in the future, riding on increasing urbanization, and projected growth of infrastructure, automobile and real estate sectors.
- India's outlook has improved following the election of the new government which is promising pro-business reforms. The government of India has set a target to triple Indian steel production to 300 million tons by 2025.
- Key foreign players in the industry are investing in India which gives an optimistic feel for the industry.

MATERIAL DEVELOPMENT

SUNFLAG STEEL was not able to maintain its profitability mainly due to marginal rise in selling prices of its products versus abnormal rise in the cost of inputs such as iron ore, pig iron and coke and largely due to overall decelerated global and Indian economic growth.

In order to achieve effective cost reduction and improvement in productivity, activity of total productive maintenance (TPM) continued to be implemented by the Company during the year under review.

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT

"Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Sunflag Iron and Steel Company Limited ("the Company") as of 31st March, 2016 in conjunction with our audit of the financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining Internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal Financial Controls and issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness on internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016 based on, the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on accrual basis under the historical cost convention.

2.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

Subsequent expenditure on an intangible asset after its purchase / completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

2.19 Joint venture operations

The accounts of the Company reflect its share of the Assets, Liabilities, Income and Expenditure of the Joint Venture Operations which are accounted on the basis of the audited accounts of the Joint Ventures on line-by-line basis with similar items in the Company's accounts to the extent of the participating interest of the Company as per the Joint Venture Agreements.

2.20 Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

2.22 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

ANNEXURE - A TO INDEPENDENT AUDITOR'S REPORT

"Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

In conjunction with our audit of the consolidated financial statement of the Group as of and for the year ended 31st March 2016, we have audited the internal financial controls over financial reporting of Sunflag Iron and Steel Company Limited ("the Holding Company") and its subsidiary companies, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its Subsidiary companies, are responsible for establishing and maintaining Internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal Financial Controls and issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Holding Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Holding Company's internal financial control over financial reporting includes those policies and procedures that;

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Holding Company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Holding Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its Subsidiary Companies, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal controls over financial reporting were operating effectively as at 31st March, 2016 based on "the internal control over financial reporting" criteria established by these Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
